Gentlemen:

A year or more ago I tried a case in which the New Hampshire Public Service Company was taking a right of way in Deerfield, and I was the land owner.

In that case I put in some exhibits, one or more of which was an engineer's plan of lots in Deerfield. I need this plan at the present time because I cannot find a duplicate.

Will you please return to me the exhibits which were marked and which must be a part of your files in that case.

Yours very truly,

Wm. H. Sleeper
