

THE STATE OF NEW HAMPSHIRE BEFORE THE PUBLIC UTILITIES COMMISSION

PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE D/B/A EVERSOURCE ENERGY

Petition for approval of lease agreement between Public Service Company of New Hampshire d/b/a/Eversource Energy and Northern Pass Transmission LLC

Docket DE 15-464

KRIS PASTORIZA OBJECTION TO PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE D/B/A/EVERSOURCE ENERGY'S OBJECTION TO HER PETITION TO INTERVENE

1. In their objection to my petition Eversource/PSNH states “the Commission has already denied the request to intervene of different petitioners for precisely the same reason articulated here...” using precedent set by the PUC in support of their stance.
2. This supports my assertion that if the PUC grants PSNH/Eversource the right to lease their ROW in the particular locations listed in their petition, they will have set an undeniable precedent for granting PSNH/Eversource the right to lease any of their easements.
3. A portion of their easement crosses land owned by my mother, who I represent in this case. If the PUC needs proof of this I will provide it.
4. If PSNH/Eversource leases the ROW on this property, my rights and my mother's rights, duties, privileges, immunities and other substantial interests will be affected. The precedent set by the SEC in allowing intervention by those whose land abuts the project supports this assertion. In addition, below see a visual impact map of these properties, produced by the Department of Energy as part of their Environmental Impact Statement.
