Subject: Pennichuck rate increase petition

Re: Pennichuck rate increase petition.

As a Pennichuck customer in both Nashua and Middleton, we oppose the requested rate increase. Our bill in Middleton is twice as much as our bill in Nashua and we have minimal water usage there,. Part of that bill is to pay for capital improvements in other locations near Middleton. This seems unfair to spread this cost in that regional area versus the spreading it across the entire Pennichuck customer base. We also understood that Nashua's acquisition of Pennichuck was to limit the rate increases. We, as homeowners don't see that.

Sincerely,

Stephen & Laraine Scardigno
